Ashwini Ghone

Fresher – Java Full Stack Developer

SUMMARY

I am motivated and dedicated towards being a Java Full Stack Developer with a strong foundation in software development, particularly in Java, Spring Boot, and ReactJS. Experienced in both back-end and front-end development, with a passion for learning new technologies and exploring different areas within the field. Seeking a challenging role where I can leverage my skills to contribute effectively to the organization's growth while advancing my own career.

KEY SKILLS

JAVA 8 | SPRING BOOT | MySQL | React JS | HTML | CSS | IDES: IntelliJ , Visual Studio

INTERNSHIP

Web intern

Eazybyts infotech

Duration – 1/05/2024 to 31/05/2024

- Assisted senior developers in the design, development, and testing of web applications, contributing to various stages of the development life cycle.
- Played a key role in developing a ChatGPT clone using ReactJS, gaining hands-on experience with front-end development and state management.
- Gained proficiency in ReactJS and enhanced problem-solving skills through practical coding challenges

PROJECTS

Smart Contact Manager

- Worked on project involving technologies such **as Java, Spring Boot, HTML, CSS, JavaScript, and databases**, applying agile methodologies.
- **Designed and implemented RESTful APIs** for creating, retrieving, updating, and deleting contact information, ensuring seamless interaction between the client and server.
- **Utilized Spring Boot for building and deploying the application**, incorporating features such as user authentication, contact categorization, and search functionality.

Event Ticketing system

- Developed a comprehensive platform for selling event tickets, allowing users to select seats and generate QR codes for entry verification.
- Designed and implemented the system using **Java and Spring Boot**, ensuring seamless integration between front-end and back-end operations.
- Created **RESTful APIs** for seat selection, event booking, and QR code generation for efficient ticketing and user experience.
- **Utilized a relational database to store** event, booking, and user information, ensuring data integrity and scalability.

EDUCATION

B.Tech — **Sep '19 - Dec '22**

Computer Science

MAEER'S MIT College of Railway Engineering and Research, Barshi. — Solapur University

- 8.06 CGPA

CERTIFICATION

- Skill Badges for - JAVA, REST-API, MySQL.
- Certified Java Full stack course Pentagon Space, Bengaluru.
